# BUILD YOUR FUTURE

## CAREERS WITH JM PARTNERSHIP LTD

Building Control careers with technical depth, national backing and local trust.

JM Partnership is a respected Registered Building Control Approver, now part of enevo, supporting safe, compliant construction across England and Wales.

**Compliance with confidence.  
Careers with purpose.**

# WELCOME

## A Message from Stuart Martin

**At JM Partnership, we've built our reputation on sound technical knowledge, personal service and a practical approach to Building Control.**

Now as part of enevo, we bring together the close team culture and trusted client relationships of an established regional practice with the backing, investment and opportunity of a growing national consultancy.

For our teams, that means more varied projects, stronger professional support and clearer routes to progress.

We're looking for Registered Building Inspectors and Building Control professionals who take pride in doing the job properly. People who understand the responsibility that comes with the role, value good working relationships and want to play their part in delivering safer, better buildings.

Whether you're already experienced, developing a technical specialism or looking for your next step in Building Control, JM Partnership offers the support, trust and autonomy to help you move forward.

## TRUSTED BUILDING CONTROL EXPERTISE

**Almost three decades of trusted, practical Building Control support.**

**JM Partnership has been a trusted name in private sector Building Control for almost 30 years.**

Established in Kent, the business has grown by giving clients clear advice, responsive service and dependable technical support.

Today, JM Partnership is building wider national coverage while keeping the local knowledge and personal approach clients know us for. Our team provides professional Building Control services across England and Wales, supporting projects ranging from single-plot homes to major commercial developments.

We work with developers, architects, contractors, homeowners and project teams throughout the Building Regulations process, helping to spot compliance issues early and keep projects moving safely and efficiently.

# WHY JOIN JM PARTNERSHIP?

## Local Team. National Opportunity.

Join a respected regional Building Control team backed by the expertise, investment and opportunities of a growing national consultancy.

# 30+

## YEARS OF TRUSTED BUILDING CONTROL EXPERTISE

# CAREER OPPORTUNITIES

## Develop Your Expertise. Shape Safer Buildings.

**Building Control is evolving, and so are the opportunities for skilled professionals.**

At JM Partnership, you'll work on a varied mix of projects, including residential, commercial, mixed-use and complex urban schemes.

You'll have support from experienced colleagues and the wider enevo group, with room to build your technical knowledge, develop client relationships and progress your registration level.

### Registered Building Inspector

Develop your registration level through project exposure, mentoring and technical collaboration.

### Senior / Principal Surveyor

Take ownership of more complex projects, client relationships and technical delivery.

### Regional or technical leadership

Progress into leadership routes that support team capability and consistent service.

### Technical & operational administration

Build a specialist support pathway around process, records, systems and client coordination.

We support professional development through **mentoring, project exposure, technical collaboration and payment of relevant professional memberships and BSR registration fees** where applicable.

# REWARDS, SUPPORT AND WELLBEING

## A Package That Recognises Your Expertise

We know experienced Building Control professionals bring significant responsibility, judgement and technical skill to every project.

Our reward and support package reflects that.

### CURRENT ROLE BENEFITS AT JM PARTNERSHIP INCLUDE:

**30 days' holiday**  
plus bank holidays

**Professional Membership fee support**

**BSR Registration fee support**

**Private Medical Insurance**

**Company sick pay**  
after probation

**Workplace pension contributions**

**Car allowance**  
for eligible roles

**Mileage support**  
where applicable

**A strong benefits package,  
practical support and a common-  
sense approach to work.**

# EMPLOYEE SPOTLIGHT

## Perspectives from some of our Team Members

The people behind JM Partnership are what make the business what it is.

Here, Laura and Tom talk about joining JM Partnership, what stood out to them, and why they chose to be part of the team.

### Lauren McNulty – Project Manager

“I feel I’ve settled into JMP really well. From day one, everyone has been incredibly supportive and welcoming, which made the transition much smoother. Moving into the private sector has been a really positive experience, giving me the opportunity to work on a wide variety of projects of different scales and levels of complexity.

I’ve particularly valued having more time to carry out my work thoroughly, alongside strong support for CPD and ongoing professional development. It’s also motivating to work in an environment where progression and personal development are recognised and rewarded.

I’m really enjoying being part of the team and getting involved in the work we do. I’m excited to continue developing in my role and to see what the future holds with JMP and enevo.”

### Tom Pellatt BSc (Hons) C. Build E. MCABE Senior Project Manager

“I have been with JMP for just over a year and have enjoyed the change from Local Authority Building Control, particularly the opportunity to work on a wider range of projects. This has helped me maintain my Class 2A-F registration, whereas most of my previous local authority work was domestic and fell within Class 2A.

The change has been challenging in a positive way and has helped me broaden my knowledge and continue learning consistently. The support from my colleagues throughout the transition has also played a big part in helping me settle in so quickly.

I would say the main difference is the wider geographical area and variety of projects we cover. I’ve particularly enjoyed travelling into London and working across the surrounding areas.”

#### Different backgrounds. Same high standards.

Laura and Tom’s experiences reflect what we want every new team member to feel at JM Partnership: welcomed, supported and trusted to develop. Here, you’ll have the chance to broaden your experience, work across a varied project mix and build your career alongside knowledgeable, approachable colleagues.

**Bring your expertise. Grow your career. Help shape safer, better buildings.**
